What's new in Fifa 22:

- **DELTA ANALYTICS: With over three years spent developing this feature the analysis tools have been refined and enhanced. This includes visual improvements for player movement, ball progression and type and player ratings. FIFA 22 features finer control and more accurate results when it comes to defender reading and executing tackles. Expect more comprehensive playing style simulations and increased stamina from your players.**

Arcade Mode Features:

- **DELTA ANALYTICS: Improvements have been made to all major areas of the gameplay engine. Expect faster ball speed, better player speed and acceleration, improved player weight shifting and improved stability at high speeds.**

FIFA Ultimate Team.

Be a Pro.

- **AMP EXPERIENCE: Players can call and pass forwards on the touchline from a distance, receive passes from team mates and dribble through defenders. More interactive goalie AI with improved darting and blocking mechanics means goalies will be better at keeping the ball out. The AMP “Snap” Intelligence (AI) has improved, with more in-depth ball control and faster reaction times.**

Icons and Player Attributes

- **Re-designed kits with a new silhouette, ideal shirt and shorts. New player and team ratings, including new player faces.**
- **New injury types as part of the much improved A.I. injury system, with damaged limbs and muscle tears mimicking the actual process of muscle injury. Expect more realistic and accurate player reaction to being kicked or losing the ball. Two new types of injuries to add to four in FIFA 17: Muscle Tears and Blows, Hamstring Strains and Anterior Cruciate Ligament (ACL) injuries.**
