My car has a new transmission and I am about to get a new water pump (on its way already), so I am actually glad it is hot and rainy. Now to what has been happening with me. I have been coming down with a cold, oh my, what a miserable cold it has been and I have just barely gotten over it and feeling that a cold is coming back on us. I am not very good at this and I usually do better at only getting sick two to three times a year. The good news is that my hair is growing like crazy and that it has been so long that it is growing back really really fast. I have been walking the dogs for the past two weeks. We have only gotten about 4-5 miles into the month. I need to start getting about 10 miles a week, so it has been nice to get out and walk. I have been trying to sort through some pictures. I have a lot of family pictures that have been neglected lately and have been really wanting to sort through them and get them organized and decide what to do with them. So far I have about 30 so I will be doing those today or tomorrow. I think I will be going to a scrapbooking show this weekend in Saline Michigan. We are hoping that the rain will stop. I hope everyone has a nice weekend and I hope to see you all again next week!Photoluminescent poly(vinyl alcohol) particles with triplet state. New
