This is a game about managing your characters, creating your own stories, and fighting through the dungeons! If you ever thought you would become the hero you always wanted to be, this is a dream come true! In this game, you can come from either the human or the demon tribe! You'll have to meet characters such as the guard, the warrior, the priestess, the sorcerer, the priest, the wizard, the wanderer, and the knight! You can also become one of the two families - the Panther or the Bear! The Panther Family has two prince siblings, and the Bear Family has two princes with their two princess siblings. The two families are divided into two groups, but their fighting skills and level are the same. Each family has their own special moves. In addition, you will also be able to meet different characters by talking to NPCs around the kingdom. You will be able to change your combat style by mixing your own moves with the family moves. Also, you will be able to learn special moves by meeting special NPCs. In this game, you must discover different Dungeons to move on the map and fight various monsters. After that, you must return to the camp to improve your stats! You must defeat and defeat the monsters to advance through the dungeon. You must follow the story and earn your medals. The game starts by placing the character on the map and having him/her walk around. You must move around the map so that you are not caught, and select the movements you want the character to use. Every player can use a different set of 6 moves. You can change your moves once a day. (Warning) This game is for Adults! NEWUNIQUE: Fight using skillpoints (for example the soldier can teleport or damage enemies with his machine gun, deploy smoke grenades or run around) *NEW* you can control the soldier directly, drag them around the game screen *NEW* If you use skills you can spend skillpoints, and if the soldier doesn't have enough skillpoints will be charged for attack or reaction.Q: TextBox not updating in RowCommand event I'm trying to update a database in the RowCommand event in a grid view. The grid is populated from a dataset. I want to update a column in the database based on the contents of a TextBox. However, the updated column doesn't seem to be updated in the database. I've verified by logging and inspecting the event arguments that the correct row and column is being updated. It's just that the grid is not updating. My GridView: ' />

Forums Hey little guy, having issues messing around with the tech on a master work crafted monster and having no luck get it to drop the card. It made the card one sitting from its original box, but i dont know what to do. lol that may be why.. i take everything to /fog because when i go in to the craft room to make a card with stuff, my cards move around like crazy, especially my 75% sm and all that. but i'm good now It sucks - but you know I don't have it up as my home page, yet? Hrm. I'm gonna have to start to put that stuff somewhere that I think is better... kkbowling 04-27-2010, 10:50 PM lol.i was going to say thet. there is a serious lack of new threads on the guild. this is my first reply in the guild for like 5 days. you guys e need to get lazy. Poor Bas - all he wanted to do was to come in here and help out the guild with building, and even kept asking how he could make cards... and when he did, he ended up just getting banned. Maybe I should make a website of our own? We can have a forum in it? /forums drdimes 05-17-2010, 02:49 AM
Http://www.fantasygrounds.com/ for the website If you go to that site my avatar is there! I am blocked from having the wiki on here anyway, Blocked by wiki rules! kkbowling 05-17-2010, 12:18 PM

-Fully optimized realtime renderer and Lua scripting system. -A role-playing game where every decision you make can change the course of history. -Tons of upgradable weapons. -Downloadable content. -Ranked Matchmaking. -Local and Remote Co-op. -Dedicated servers. -Leaderboards for various achievements and rankings. -Mixed game modes including standard battle, quest and co-op modes. About Path of Ascension: The world just wouldn't be the same without the extraordinary conflict of two opposing forces. The victor becomes a legend, and the war ends. Path of Ascension is a story of two sides of the same coin. Each side has its own story and purpose: they act out in the name of justice and freedom. However, the aftermath of the war is a constant struggle between the good and evil. To vanquish evil, the good must learn to fight like they never have before. They must use the unconventional skills of only those who undergo training and experience a distressing influence. In the unique style of Path of Ascension you can create a hunter or an ancestor, two sides of the same coin. During the day it's a hunt, during the night it's a battle. Could you be both? Features: -4 warring factions. -Co-op. -Multiple gameplay modes. -Upgradable weapons. -Skins. -Custom Customization. -Real-time, asynchronous multiplayer online role-playing game. -Experience an action-horror game in a dark cyberpunk setting. -Visual elements like blood and gore. -Neurotically-enhanced graphical effects. -Bio-mechanical armors. -Psychic powers. -Modding capability. -Over 100 upgradable items. -An intricate storyline developed by K99 Studios, the creators of Path of Ascension. How to play: 1. Click "Start the Hunt" button. 2. Get ready to face the challenges of war. Try to remember the unique skills of only those who face the fight head-on. 3. You cannot win a war alone.
