My 2 Cents on Hardcore Vibes. I can't comment on the lyrics at all, but there were tons of moans. Now in its 3rd year this was an absolutely amazing party with a top 5 that included: Why? Dune Hardcore Vibes Acapella

Hardcore Vibes Acapella | Alternative Hip Hop | topyoda im actually going to start producing some songs in a different style as well as learning the basics of beat making so ive got two songs i wrote: All These Life Changes And i made the acapella from the 1st by doing a recording of what the track actually sounds like. I called the track hardcore vibes to go along with the r&b vibe the beat style is vibing to. I just got these vocals in. In the end I tried to keep the original acapella but started to change the key of the vocals to sound more like a ballad just for more of a dream pop feel. It was a lot harder than I thought it would be to re-key the vocals without altering the existing vocalised acapella. I added some bass to the drums to make it sound a bit more menacing. I have another ballad I want to try and make (a more kind of soft genre) I have no idea how it will sound but the original acapella is the blueprint. I released this for charity and it was made on Nov 21, 2012. Yes this one belongs to a project that is no longer active for that is why it is on this list. but it is acapella, from scratch and I like it. published:23 Nov 2012 views:16324 duration:3:36 published:25 Nov 2012 views:16324 duration:3:36 published:25 Nov 2012 views:16324 duration:3:36 published:25 Nov 2012 views:16324 duration:4 min.
